Mirpur , Dhaka , Bangladesh

Summary

Biotechnology student with 3+ years experience in bioinformatics research and training. Skilled in genomic and proteomic data analysis, programming (Python, R), and bioinformatics tools (BLAST, GATK). Strong collaborator and effective communicator with ongoing research in CRISPR and antimicrobial resistance. Passionate about advancing biomedical research through computational biology.

Work Experience

Campus Coordinator – Bioinformatics

Dawn of Bioinformatics Ltd., Dhaka | Aug 2025 – Present

- Led bioinformatics workshops, seminars, and competitions on molecular docking, drug design, and data analysis.
- Trained students on tools like PyRx, Discovery Studio, NCBI, and PDB.
- Promoted online learning platforms (Coursera, YouTube).
- Collaborated with national and international partners for research and training.

Assistant Manager

Youthbees, Dhaka | Dec 2023 – May 2024

- Managed team activities and customer coordination.

Educational Counsellor

College Mastermind (Online, USA) | May 2023 – Oct 2023

- Supported students during biotech course admissions.
-

Projects & Hackathons

- **Drug-Repositioning-Hub** – Developed drug repositioning repository using computational biology.
 - **Computational Biology Streamlit App** – Built app for biological data visualization using Python.
 - Participated in multiple bioinformatics hackathons applying data analysis and problem-solving skills.
-

Research (Ongoing)

- AI-Assisted CRISPR-Cas9 Guide RNA Design for TP53 Mutation Correction
 - Seaweed as Natural Solution Against Antibiotic Resistance
 - Drug Discovery for Antimicrobial Resistance using Beta-Lactamase
 - Federated Quantum Machine Learning for Rare Pediatric Cancer Target Discovery
-

Education

BSc in Biotechnology & Genetic Engineering

BRAC University, Dhaka | 2023 – Present

Higher Secondary Certificate (HSC)

BN College, Dhaka | 2021

Secondary School Certificate (SSC)

Adarsha High School, Dhaka | 2019

Skills

- Bioinformatics Pipelines & Data Analysis
 - NGS Analysis, Sequence Alignment, Genome Annotation
 - Python, R, Perl Programming
 - BLAST, GATK
 - Data Visualization & Statistical Analysis
 - Cloud Computing (AWS, Google Cloud basics)
 - Communication & Leadership
-

Certifications

- Bioinformatics Course – Plasma Cell Research
- CRISPR-Cas9 Idea Finalist – BRAC University
- Duke of Edinburgh Award – Bronze & Silver
- Leadership Programs – Harvard, UNICEF, HP LIFE

Memberships & Affiliations

- Associate Member – UNYSAB Bangladesh
 - Senior Executive – BRAC University Research for Development Club
-

Languages

- Bengali (Native)
 - English (Fluent)
 - Swiss-German Sign Language (Basic)
-

Interests

- Marathon Running
 - Team Sports (Basketball, Cricket, Handball)
 - Cooking, Gardening
-
